WATER LEVELS

These doors are water-resistant. A small amount of water can seep thru as allowed by FEMA. Tests observed the following rate of GPH (gallons/hour) seepage.

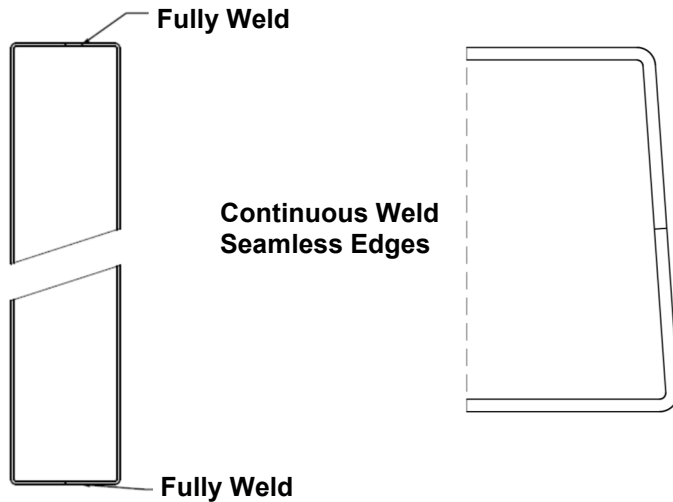

FEMA

Level	Seepage	Thick	Gauge
36"	5 GPH	1-3/4"	16ga
48"	7 GPH	1-3/4"	16ga
60"	10 GPH	1-3/4"	12ga
84"	15 GPH	3-1/4"	12ga
120"	25 GPH	3-1/4"	12ga
